

Carl is Cool.

So Let him know.

The toll taxers and their media outlet supporters want those they dupe to call Senator Carl Kruger, one of our heroes in the fight against the unfair, inequitable, unsound and inefficient toll-tax-reliant transit funding scheme. Some may drink the *kool-aid* and make the call. It's not that we wish to inundate his office with calls. However, friendly thank yous go a long way and help a lot. Thus we ask our supporters, particularly in the Senator's district to call (or email) the Senator, thank him and urge that he “stay strong.”

Senator Kruger's district office:
(718) 743-8610.

Senator Kruger e-mail address:
kruger@senate.state.ny.us.

Interestingly, the Daily News *editorialists* mislead when they not only call the toll-tax reliant funding scheme, “smart” – for whom we query? – but they fail to share that toll tax reliant plan also hikes fares. “*Tell the truth, who's been fooling who?*”¹

Just to get a flavor of the efforts to induce calls to the Senator, check out this Daily News editorial, today:

So we close by this query to the toll taxers: *Who's your next fool?*² Certainly not the public.
